If we don't have the Close Captioning we would lost to the hearing world. Like I said above it is a **help to us in knowing and hearing what is being said** on all programs that is being aired.

Therefore, I would appreciate Close Captioning to stay on air to allow us to independly know what the world says about things pertaining to the hearing world as it also applies to us.

I, myself is Deaf since birth and it helps me to know what is happening all around me in my environment. I appreciate Close Captioning on air at all times.
